The General Radiotelephone Operator License (GROL) is a license granted by the U.S. Federal Communications Commission (FCC). The GROL does not convey the authority to operate an amateur radio station, for which the FCC has a separate licensing system, nor is it required for any engineering jobs in radio and television broadcasting. However, some services such as aviation, marine and ...

General radiotelephone operator license - Wikipedia

In the US, the Federal Communications Commission (FCC) offers three Amateur Radio license levels or license classes; Technician class license, General class license and Extra class license. Per FCC Rule 97.523 only one question pool may exist for each license examination level. Each question pool must contain at least 10 times the number of questions required for a single examination.
