To the best of my knowledge, Solaris doesn't allow you to capture on the local loopback interface (lo0, in your case). For example, this page states flatly that it can't be done on Solaris short of a kernel recompile. So you would have to either set up the client and server on separate machines, or see if there's some way to route the traffic through your network (so that it goes through the ...

Creationists often argue that evolutionary processes cannot create new information, or that evolution has no practical benefits. This article disproves those claims by describing the explosive growth and widespread applications of genetic algorithms, a computing technique based on principles of biological evolution.

As the delta-V for a mission goes up, the amount of propellant required goes up exponentially (or looking at it another way: the amount of payload shrinks exponentially). Large amounts of propellant are expensive, but the higher the mass-ratio the higher the likelihood that the spacecraft will not be reusable.

I spent a good three months burning onions, scorching tomato sauces and under-cooking food in my pressure cookers before I figured out how to pressure cook on induction. Unlike pressure cooking on gas, or an electric coil, where the heat is generated by a flame or element and then transferred onto the base and sides of the cooker and eventually the food inside, induction cooking turns the ...
