Classifying Living Things-In this activity, you will see a large grid of green square tiles. Each tile will have a different plant or animal on it. See if you click on the correct tiles that belong to the category shown in each round of the game. When you think that you have clicked on all of the correct tiles, then click the "GO" button on the bottom of the screen.

We previously learned that digestion of carbohydrates, and in particular starches, begins in the mouth with the action of salivary amylase. This enzyme catalyzes, or speeds along, the hydrolysis of ...

Carbohydrate Digestion and Absorption: Process & End ...

Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

If Only It Were Easy Let's face it: the Paleo Autoimmune Protocol is hard to do. If we could just take a test to identify our food intolerances, it would be so much easier! So, why don't we?

Unfortunately, food intolerance testing is unreliable, giving both false positive and false negative results. An elimination diet (like the AIP) is the only accurate way to test for ...

Fructose, or fruit sugar, is a simple ketonic monosaccharide found in many plants, where it is often bonded to glucose to form the disaccharide sucrose. It is one of the three dietary monosaccharides, along with glucose and galactose, that are absorbed directly into blood during digestion. Fructose was discovered by French chemist Augustin-Pierre Dubrunfaut in 1847.

Fructose - Wikipedia

I first set out to discover lifestyle interventions to help me heal from Hashimoto's shortly after being diagnosed. My doctor prescribed me thyroid medication. He told me I would be taking it for the rest of my life, and that was the end of the story. Intuitively, I knew there had to be a better ...
