In students. Bernard et al. suggest diligence in a student is defined as an effort he or she puts towards balanced and holistic development in mental, physical, social and spiritual dimensions. They find diligence in students is correlated with academic performance. This is especially found in younger students. The support of parents and educators encourages students to be diligent.

### **Diligence - Wikipedia**

Many students know in their hearts they want to be nurses or allied health professionals. Our tools show what students know in their heads and what's needed to help them follow their hearts.
