Should I vaccinate my flock? This is a question often faced by vets in practice and the answer is often a complex one. Firstly, let's look at what a vaccine is. A vaccine is made up of either an inactivated form of the organism that causes the disease you are trying to prevent or a live vaccine which contains a version of the organism that is less dangerous to the animal.

Vaccinating Chickens - Poultry Keeper

In the popular media, these critiques have been condensed into the oversimplified message "Parents don't matter" or "matter very little"—news bites that, on their face, have little relation to reality as it is experienced daily in family life.
