Forces exerted by the object do not change its motion. 20. An object at rest remains at rest and an object in motion continues in motion with

### **Assessment Chapter Test A**

First Law: An object in motion will stay in motion or an object at rest will stay at rest unless an unbalanced force acts upon it. (Law of Inertia) Second Law: (Force = Mass x Acceleration) The mass of an object and the force exerted on the object determine an object's acceleration. (The large the mass = the more force needed to move it)
