wait The verb wait is intransitive, although there is an established idiom ``wait your turn." There's a perfectly serviceable transitive verb await, but with some exceptions (like ``await further developments"), it seems to be regarded as stiff or formal. Thus, what would be the direct object of await is normally drafted into a prepositional phrase, to function as an adverbial modifying wait.

One thing blogging and good copywriting share is a conversational style, and that means it's fine to fracture the occasional rule of proper grammar in order to communicate effectively. Both bloggers and copywriters routinely end sentences with prepositions, dangle a modifier in a purely technical sense, or make liberal use of the ellipsis when an EM dash is the correct choice—all in order ...
