Fig. 1, which shows data on FDI and financial development, provides motivation for our work. We use FDI as a share of GDP and a measure of financial development introduced by Beck et al., 2000a, Beck et al., 2000b for the period 1975–1995. As Fig. 1 suggests, there is a positive relationship between the two variables. However, it is also apparent that there is a wide variation in both ...

Human overpopulation (or population overshoot) occurs when the ecological footprint of a human population in a specific geographical location exceeds the carrying capacity of the place occupied by that group. Overpopulation can further be viewed, in a long term perspective, as existing if a population cannot be maintained given the rapid depletion of non-renewable resources or given the ...
