A virtual learning environment (VLE) is a system that creates an environment designed to facilitate teachers' management of educational courses for their students, especially a system using computer hardware and software, which involves distance learning. In North America, a virtual learning environment is often referred to as a "learning management system" (LMS).

History of virtual learning environments - Wikipedia

(from the chapter) (discusses listening strategies in) auditory pattern processing in early life / (pursues) answers to a variety of general questions / what properties of auditory patterns dominate perception in the early months of life / do these properties remain influential for more mature listeners / are the grouping processes that ...
