I too have been insulted by the evolution faithful; "Creation? Are you stupid or what? Everyone knows evolution is a proven fact!" The real problem is not that evolution is or isn't proven but rather that many want it to be a fact, because the alternative to evolution is that there might be a God and that we will one day have to answer up to Him.

Question: "How does young earth creationism handle the evidence for millions of years in the fossil record?" Answer: The "fossil record" is what paleontologists call the total number of fossils that have been discovered, as well as to the information derived from them. The trick with interpreting the fossil record is that most paleontologists also subscribe an atheistic version of evolution.
