In Filling and Wrapping students explore the surface areas and volumes of rectangular prisms and  
cylinders in depth. They look informally at how changing the scale of a box affects its surface area  
and volume.

### **Math 7 - Bedford Public Schools**

One of the goals of Connected Mathematics is to assist children in figuring out as much as they can  
for themselves. You can help by asking questions that guide, without telling what to do or giving  
away answers. Good questions and good listening will help children make sense of mathematics,  
build self-confidence, and encourage mathematical thinking and communication.
