There are many answers for this, but looking at the dictionary we get:. at: In or near the area occupied by; in or near the location of. in: Within the limits, bounds, or area of. People are usually using in to note a general location and at for a more specific location.. I'm in the building, at the front desk . I'm in New York, at the conference. I'm in New York, at the Empire State Building

### **Difference between "at" and "in" when specifying location**

He basically shit on KG for a couple questionable videos, pointing out biases, flaws in research, etc... But it was put out like a week after KG already made their own video about how they had fucked up a couple times and how they were planning to prevent it in the future.. It made this guy come off like he just wanted credit for correcting them or something.
