free from its market fetishism, offering plenty of tools we can use to make society more inclusive.

Economics After Neoliberalism | Boston Review

Keynesian economics advocates for the public sector to step in to assist the economy generally, which is a significant departure from popular economic thought that preceded it — laissez-faire capitalism. Laissez-faire capitalism supported the exclusion of the public sector in the market. The belief was that an unfettered market would achieve balance on its own.

What is Keynesian Economics? (with pictures)

The expansion of our wealth is only possible so long as the oil supply continues to expand, says oil expert Dr. Colin Campbell. The financial and investment community is beginning to accept the reality of Peak Oil, which ends the First Half of the Age of Oil, during which banks created capital by lending more than they had on deposit, being confident that tomorrow's expansion, fueled by cheap
