God Vs Evolution Answer

According to the documentary short Evolution vs. God, Darwinism is a leap of faith that falls far short of Creationism in explaining the mysteries of our existence. The film, which could have presented a fascinating open debate on a crucial subject, quickly devolves into a shallow-minded "gotcha" exercise.. Throughout the course of the film, we're given flashes of rapidly edited interview ...

"The image of God in humanity is critical to our understanding of what makes us human."1 Genesis

1:26–28 is the key passage of Scripture whereby foundational teaching on the image of God begins. The Hebrew language of verse 27 makes it clear that God's image in mankind depicts humanity as distinct from animals.2. So God created man in His own image, in the image of God He created him ...

What Is the Image of God? | Answers in Genesis

Basically there are three common views of origins: 1. Creation - the belief that living things were created by God in a short period of time in the relatively recent past.. 2. Organic evolution - the belief that man evolved from lower animals, which had themselves developed from simpler animals, over millions of years, entirely by natural processes (without God).

Writers disagree on how best to define and classify atheism, contesting what supernatural entities are considered gods, whether it is a philosophic position in its own right or merely the absence of one, and whether it requires a conscious, explicit rejection. Atheism has been regarded as compatible with agnosticism, and has also been contrasted with it.

In some circles, however, opposition to the concept of evolution has persisted to the present. The argument from design has recently been revived by a number of academics with scientific credentials, who maintain that their version of the idea (unlike Paley's) is soundly supported by both microbiology and mathematics.
