In "The Sources of Knowledge," Robert Audi distinguishes what he calls the "four standard basic sources" by which we acquire knowledge or justified belief: perception, memory, consciousness, and reason. With the exception of memory, he distinguishes each of the above as a basic source of knowledge (a source that yields knowledge or justified belief without positive dependence on ...

Sources of Knowledge - Oxford Scholarship

This chapter asks whether consensual political institutions produce a more active citizenry. Replicating earlier research, the chapter finds consensualism is positively related to electoral turnout. However, it is negatively correlated with participation beyond voting—contacting, group action, protest, and even campaign activity. Using a series of multilevel regression models the chapter ...
