The correct answer is alternative D. "Consequences and Trade-offs" Trade-offs and consequences are related to strategic thinking. The consequence is the effect of an action, and trade-off is when the benefits of an action are weighed against the side effects or consequences of that action. Having these thoughts in mind, an economics student will definitely make better choices about purchases.

Economics is much broader than the study of recessions and inflation or stocks and bonds. Economists study decision making and incentives, such as the incentives for a firm to stop polluting and how taxes create incentives for labor market and savings behavior.

### **Economics < Yale University**

The Economic problem –sometimes called basic or central economic problem – asserts that an economy's finite resources are insufficient to satisfy all human wants and needs. Economics involves the study of how to allocate resources in conditions of scarcity. However, viewing economics as the study of how society allocates resources can lead to conflation of normative economic planning and ...
