Fabio Cirrito Mathematics Standard Level

As a maths text book, in an absolute sense this is quite good; I like it well enough. As a textbook for standard level maths, however, it is hopeless. Before we begin, let's try and get an idea of your typical standard level maths student - we'll try to capture something of their essence, if you will. In Australia, given that they chose to do IB, it is likely they will be of above-average ...
