I need to take Physics in order to meet a requirement for a program I want to apply for. I'm not that good at math and my friends say that Physics is really difficult. I'm trying to decide if I should take it at school or online? I've taken multiple classes online at flvs so I know how to manage time. I just want to know if it will be easier online.

Tutorial: Pressure and Absolute Zero: The value of absolute zero was found in the 1800s by experimenters who discovered that all gases contract by the same proportion when temperature is decreased. It was found that any gas at zero degrees Celsius, regardless of its initial pressure or volume, changes by $1/273$ of its initial volume for each one degree Celsius change in temperature, when ...

Most parents are familiar with biology, chemistry, and physics. I like to think of physical science as a bridge to these courses. In the Physical Science course at FLVS, we take the concepts that students have learned from previous science experiences and prepare them for the higher-level science skills needed in future science courses and beyond.
