In this section we look at factoring polynomials a topic that will appear in pretty much every chapter in this course and so is vital that you understand it. We will discuss factoring out the greatest common factor, factoring by grouping, factoring quadratics and factoring polynomials with degree greater than 2.

Algebra - Factoring Polynomials

We use the Law of Sines and Law of Cosines to "solve" triangles (find missing angles and sides) when we do not have a right triangle (which is called an oblique triangle). This is a little more complicated, and we have to know which angles and sides we do have to know which Law to use, but it's not too bad.. Note that the Law of Sines can still be used to solve Right Triangles, using the ...
