If you built Python from source, this is just a matter of dependencies: since you miss OpenSSL lib

installed, python silently fails installing the _ssl module. You can see it in the final report of the make command:. Python build finished, but the necessary bits to build these modules were not found: _bsddb _sqlite3 _ssl _tkinter bsddb185 dbm dl gdbm imageop sunaudiodev To find the necessary ...

python - ImportError: No module named _ssl - Stack Overflow

Hello, Thanks for your question. Basically despite having a low H&H some patients may not have any symptoms. But some of the symptoms that may occur depending on how low is the H&H, are shortness of breath, weakness, fatigue, malaise, increased heart rate, awareness of heart beat, headache, inability to concentrate, irritability, listlessness, pale skin and mucous membranes, anxiety, and thirst.

How does it feel when you have a low H & H? - JustAnswer

Answer: No. From a CPT coding perspective it would not be appropriate to report both codes if performed within the same wrist during the same operative session, regardless of how many times the arthroscope is inserted into the wrist.

Answer Key - Introduction to Clinical Coding

1) a chat for you to message an education planner on our team, who will help you find info and answer questions.2) a mini-courses platform where you can improve soft skills, like "how to write emails" and "how to build a CV" plus do mini-courses on degrees and careers.3) a platform where you can find and apply (online) to multiple tertiary institutions and funding providers without repeating ...

With two benign tumors in my liver, a medium size hiatal hernia and GERD I feel like there is no room in my whole middle section. I feel sick all the time, and have shortness of breath and upper back pain daily. I've been on Nexium 40 mg for two years and still get heartburn even when I drink water at times. I am seeing the specialist Thursday for results on biopsies taken.

Hiatal Hernia: Symptoms, Surgery, Diet, Treatment & Causes

At this point, you might be wondering how you can go about putting your liver on a diet. After all, it's your liver that's fat, right? Right...however, in order to reduce the fat in your liver, you must reduce the fat in and on the rest of your body (at least 10%). A healthy, nutritious diet instead of one made up primarily of fat, sugar and cholesterol laden empty calories can bring about ...
