This site serves as a resource site for students in Biology 2 & 2A. The goal of this course is to provide a general overview of major biological topics, provide opportunities for laboratory investigations, and expose students to current advances in biology and medicine. Most students taking biology ...

Biology 2 & 2A

Dissection (from Latin *dissecare* "to cut to pieces"; also called anatomization) is the dismembering of the body of a deceased animal or plant to study its anatomical structure. Autopsy is used in pathology and forensic medicine to determine the cause of death in humans. Less extensive dissection of plants and smaller animals preserved in a formaldehyde solution is typically carried out or ...

Dissection - Wikipedia

Froguts has been around since 2001. Rick, David, and Joni have had the honor of providing this resource to learners around the world. As of January 1st, 2019, we are no longer able to sustain the company and support new subscribers while we also pursue our other careers in education, healthcare data science, and museology.
