An intelligence quotient (IQ) is a total score derived from several standardized tests designed to assess human intelligence. The abbreviation "IQ" was coined by the psychologist William Stern for the German term Intelligenzquotient, his term for a scoring method for intelligence tests at University of Breslau he advocated in a 1912 book. Historically, IQ is a score obtained by dividing a ...

Intelligence quotient - Wikipedia

When does human life begin? This question has confounded individuals and divided our society. Opinions have come from the right and the left, from pro-life advocates and those in favor of abortion on demand, from physicians and lawyers, from the pulpit and the courtroom.
