I wasn't going to put this section in, but I have to. I wanted to keep the website as free from handwavium as possible. However, while Faster-Than-Light travel is about as handwavium as you can get, it is unfortunately the sine qua non of interstellar space opera. Space opera with no StarDrive is like chocolate cake without the chocolate.

A particular symptom could be caused by one of several problems, or even by more than one problem at the same time! All of the gizmos we have fix a specific problem. If a symptom could be caused by two things, Murphy's Law says that if you just pick one without taking measurements, the problem will be caused by the other thing, that a different gizmo fixes.
