The area of study known as the history of mathematics is primarily an investigation into the origin of discoveries in mathematics and, to a lesser extent, an investigation into the mathematical methods and notation of the past. Before the modern age and the worldwide spread of knowledge, written examples of new mathematical developments have come to light only in a few locales.

History of mathematics - Wikipedia

Literacy and Numeracy Framework. The National Literacy and Numeracy Framework (LNF) has been developed to achieve the aim that the children of Wales are able to develop excellent literacy and numeracy skills during their time at school.
