Geometry University Of Chicago Review

This list of University of Chicago alumni consists of notable people who graduated or attended the University of Chicago. The alumni of the university include graduates and attendees. Graduates are defined as those who hold bachelor's, master's, or Ph.D. degrees from the university, while attendees are those who studied at the university but did not complete the program or obtain a degree.

List of University of Chicago alumni - Wikipedia

Foundations of geometry is the study of geometries as axiomatic systems. There are several sets of axioms which give rise to Euclidean geometry or to non-Euclidean geometries. These are fundamental to the study and of historical importance, but there are a great many modern geometries that are not Euclidean which can be studied from this viewpoint.
