Christopher Columbus received a small amount of education when he went to a Monastery until age fourteen. He learned the basics, Latin and Mathematics.

What was Explorer Christopher Columbus's education?

A cross section is the face you get when you make one slice through an object. Below is a sample slice through a cube, showing one of the cross sections you can get. The polygon formed by the slice is the cross section. The cross section cannot contain any piece of the original face; it all comes ...
