Global citizenship is the idea that all people have rights and civic responsibilities that come with being a member of the world, with whole-world philosophy and sensibilities, rather than as a citizen of a particular nation or place. The idea is that one's identity transcends geography or political borders and that responsibilities or rights are derived from membership in a broader class ...

Muslim history involves the history of the Islamic faith: as it was revealed 1400 years ago as a religion and as a social institution. The history of Islam began its development in the Arabian Peninsula when the Islamic prophet Muhammad received the first revelation of the Quran in the 7th century in the cave of Hira in the month of Ramadan. According to Islamist tradition, he was commanded by ...
