Model for Improvement: Plan-Do-Study-Act (PDSA) Cycles Once a team has set an aim, established its membership, and developed measures to determine whether a change leads to an improvement, the next step is to test a change in the real work setting. The Plan-Do-Study-Act (PDSA) cycle is shorthand for testing a change — by planning it, trying it, observing the results, and acting on what is ...

I was using sheet.UsedRange on its own but noticed that some cells at the end of the range were blank but still included in the range. This works, however for efficiency you might be better staring from the last row in the range and counting back to see where your data ends (as opposed to this snippet which starts from the first row!)
