Urban iNTD Urban Integrated National Transit Database. A web-based system sponsored by the Florida Department of Transportation for the retrieval and analysis of multiple years of urban National Transit Database (NTD).

### **FTIS - Florida Transit Information System**

A geographic information system (GIS) is a system designed to capture, store, manipulate, analyze, manage, and present spatial or geographic data. GIS applications are tools that allow users to create interactive queries (user-created searches), analyze spatial information, edit data in maps, and present the results of all these operations.
