I've read over the thread but still not 100% clear what the problem is. Is it the display going blank as with the OP's problem or is it discs stopping playing or is it both? If the display is going blank, does it come back to life when pressing any buttons asides from powering it down and back on ...

Machine Learning is like sex in high school. Everyone is talking about it, a few know what to do, and only your teacher is doing it. If you ever tried to read articles about machine learning on the Internet, most likely you stumbled upon two types of them: thick academic trilogies filled with theorems (I couldn't even get through half of one) or fishy fairytales about artificial intelligence ...
