The final argument for God's existence views God as a cosmic watchmaker who set the world into motion in such a way that life could emerge. Professor Johnson lays out this theory and explores some of its many challenges, including the idea that the universe is not all that fine-tuned and that there may be more than one way to build a universe.

Russian literature refers to the literature of Russia and its émigrés and to the Russian-language literature. The roots of Russian literature can be traced to the Middle Ages, when epics and chronicles in Old East Slavic were composed. By the Age of Enlightenment, literature had grown in importance, and from the early 1830s, Russian literature underwent an astounding golden age in poetry ...
