Investing 101: What Is Investing? Put broadly, investing is the creation of more money through the use of capital. Essentially, when you invest, you offer your money to people and organizations who have an immediate use for it, and in exchange, they give you a share of the money that they earn with this funding.

To start investing, buy some undervalued stocks in companies that you're familiar with and understand. Then, hold onto the stocks until they're worth more and sell them to make a profit! Try to invest a little bit in a lot of companies as opposed to investing all of your money in one company so that you're not risking losing your whole investment.
