Income taxes in the United States are imposed by the federal, most state, and many local governments. The income taxes are determined by applying a tax rate, which may increase as income increases, to taxable income, which is the total income less allowable deductions. Income is broadly defined. Individuals and corporations are directly taxable, and estates and trusts may be taxable on ...

In the recent crisis, highly levered housing markets had a prominent role. In particular, the boom-bust in U.S. house prices was at the root of the distress in the market for mortgage-backed securities. 3 During the boom phase, lending standards eased considerably and borrowers' ability to service their loans increasingly relied on a continued climb in prices.
