**if they did it right - WordPress.com**

i was a math major at University of Georgia (i have graduated since then) and took intro to linear algebra several times. (okay it's not THAT funny.) it was a different teacher and a different book every time. which made it very easy for me to compare. this book was so much more organized and explained things so much better so that not only did i pass the class, i actually made an A. strongly ...
