The American College of Radiology has defined four safety zones within MRI facilities. These are denoted Zones I through IV and correspond to levels of increasing magnetic field exposure (and hence potential safety concern).

ACR safety zones - Questions and Answers in MRI

In 1994 I published the first edition of Questions and Answers in Magnetic Resonance Imaging, a collection of notes on MR physics I had distributed to residents and fellows during viewbox teaching over the years. Jonathan Burdette helped me update this material and our second edition appeared in 2001. These books were big hits in the radiology community, and I still take pride how many people ...
