### **Expected Salary Question Answer**

It's easier to understand the salary expectations questions if we answer another question first: What is the recruiter or hiring manager really asking for here?. Let's take each question—salary expectations and current salary—separately.

### **Salary expectations questions—How should you answer them ...**

But bringing it up as a response to their question is a safer way to tackle the topic. And you could cushion the question in a response more like "I've researched the industry and have an idea of what the competition are offering, could you tell me the range you offer for this position?" or "I know you will have a salary budgeted for, perhaps you could tell me the range and we could ...

### **If you've ever struggled with the question "What are your ...**

A question is an utterance which typically functions as a request for information. Questions can thus be understood as a kind of illocutionary act in the field of pragmatics or as special kinds of propositions in frameworks of formal semantics such as alternative semantics or inquisitive semantics. The information requested is expected to be provided in the form of an answer.
