The Creation Museum portrays a literal interpretation of the creation narrative from the Book of Genesis in the Bible, known as young Earth creationism (YEC), the viewpoint advocated by Answers in Genesis (AiG), the creation apologetics organization that owns and operates the museum. According to the AiG website, the purpose of the museum is to "exalt Jesus Christ as Creator, Redeemer and ...

Creation Museum - Wikipedia

To understand how organisations create knowledge dynamically, we propose a model of knowledge creation consisting of three elements: (i) the SECI process, the process of knowledge creation through conversion between tacit and explicit knowledge; (ii) ba, the shared context for knowledge creation; and (iii) knowledge assets—the inputs, outputs, and moderator of the knowledge-creating process.

SECI, Ba and Leadership: a Unified Model of Dynamic ...

How to eradicate hunger and achieve food security remains a key developmental issue, particular in countries south of the Sahara. Most of the empirical literature focuses on agriculture-based interventions although it is well known that rural households have a gamut of income generating activities that constitute their livelihood.

Food security in rural sub-Saharan Africa: Exploring the ...

The creation–evolution controversy (also termed the creation vs. evolution debate or the origins debate) involves an ongoing, recurring cultural, political, and theological dispute about the origins of the Earth, of humanity, and of other life. Creationism was once widely believed to be true, but since the mid-19th century evolution by natural selection has been established as an empirical ...

Was the universe created and developed in just six days? Is it possible to reconcile a literal interpretation of Genesis 1 with a billions-year-old universe? We address these questions in the following presentation. The material presented is inspired by The Science of God by Dr. Gerald Schroeder, a book we highly recommend. We discuss the 26 testable...
