AP® Environmental Science 2008 Scoring Guidelines The College Board: Connecting Students to College Success The College Board is a not-for-profit membership association whose mission is to connect students to college success and opportunity. Founded in 1900, the association is composed of more than 5,400 schools, colleges, universities, and other

AP Environmental Science 2008 Scoring Guidelines

The city of Fremont operates a municipal solid-waste landfill. The annual precipitation in Fremont is 200 mm/yr: 50% of this water infiltrates through the landfill cover soil into the waste, and 50% drains off the landfill. A drainage system withdraws 90% of the leachate generated within the landfill for treatment. The rest of the leachate travels through the bottom liner of the landfill into ...

Environmental Science Question? | Yahoo Answers

The wood turtle (*Glyptemys insculpta*) is a species of turtle endemic to North America. It is in the genus *Glyptemys*, a genus which contains only one other species of turtle: the bog turtle

(*Glyptemys muhlenbergii*).The wood turtle reaches a straight carapace length of 14 to 20 centimeters (5.5 to 7.9 in), its defining characteristic being the pyramidal shape of the scutes on its upper shell.

Wood turtle - Wikipedia

The Wood Turtle (*Glyptemys insculpta*) is one of two species in the genus *Glyptemys*, both of which are limited to North America.Until 2002, the wood turtle was placed in the genus *Clemmys* but ...
