At NeuroDevelopment Center, we help kids find a brighter future. Kids think and communicate differently. We speak "kid"! We have found that when you speak their language, children like getting help and are active partners in change. We like to reach out to their entire network: family, friends, school, and even social environments.

**Home - The NeuroDevelopment Center**

Creationists often argue that evolutionary processes cannot create new information, or that evolution has no practical benefits. This article disproves those claims by describing the explosive growth and widespread applications of genetic algorithms, a computing technique based on principles of biological evolution.
