The Nature of Profit. Entrepreneurs organise factors of production and take risks for which they require an adequate rate of return.. The higher the market risk and the longer they expect to have to wait to earn a positive return, the greater will be the minimum required return that an entrepreneur will demand to participate in the market There are different types of profit

[page 2] decide how best to make these experiences sufficiently coherent to provide a foundation for later work in home economics. 4. An important part of the work at all stages has to do with the development of attitudes and values and of the capacity to make judgements based on a reasonable consideration of evidence about matters to do with running a home, diet and clothing. On all these and ...

Although the price of new plants in China is falling rapidly, approaching \$1500/kW (or about a fifth of the cost of some plants currently being built in Europe), John Quiggin, an economics professor, maintains that the main problem with the nuclear option is that it is not economically viable. Professor of science and technology Ian Lowe has also challenged the economics of nuclear power.

1. Introduction. The failure by leading economists to incorporate banking in their economic theories has been identified as a significant and costly weakness (Werner, Richard A., 1997, Werner, Richard A., 2005, Kohn, Donald, 2009). Likewise, it has been pointed out that the macro-economic feedback of banking activity had been neglected in finance research (Werner, 2012).
