While National Electrical Safety Month was created and is also primarily managed by the Electrical Safety Foundation International (ESFI), a number of other entities engage in activities and promote in other ways. These include the National Electrical Contractors Association (NECA), the

Occupational Safety and Health Administration (OSHA), and the National Institute for Occupational Safety and ...

May is National Electrical Safety Month | Electrical ...

The National Electrical Code (NEC), or NFPA 70, is a regionally adoptable standard for the safe installation of electrical wiring and equipment in the United States. It is part of the National Fire Codes series published by the National Fire Protection Association (NFPA), a private trade association. Despite the use of the term "national", it is not a federal law.

National Electrical Code - Wikipedia

An electrical contractor is a business person or firm that performs specialized construction work related to the design, installation, and maintenance of electrical systems.. An electrical contractor is different from an electrician; an electrician is an individual tradesman and an electrical contractor is a business person or company that employs electricians.
