Property, in the abstract, is what belongs to or with something, whether as an attribute or as a component of said thing. In the context of this article, it is one or more components (rather than attributes), whether physical or incorporeal, of a person's estate; or so belonging to, as in being owned by, a person or jointly a group of people or a legal entity like a corporation or even a society.

Property - Wikipedia

The glossary that follows assumes a definition of ecology--the study of interactions between organisms and their environment--much wider than what fits under the field's habitual statistical persona. Ecofeminism and ecopsychology are mentioned, for example, as are terms from organic gardening and permaculture.

Pricing is the process whereby a business sets the price at which it will sell its products and services, and may be part of the business's marketing plan. In setting prices, the business will take into account the price at which it could acquire the goods, the manufacturing cost, the market place, competition, market condition, brand, and quality of product.

Congratulations to Kyle Inserra! His sculpture won second place - out of nearly 340,000 submissions - in this year's Scholastic Art and Writing Awards. His work was selected by some of the foremost leaders in the visual arts for excellence in originality, technical skill, and the emergence of a personal voice or vision.

Wallenpaupack Area School District

"Wholistic" was first used in 1941, while "Holistic" was first used in 1926. (O.E.D) But none the less, "wholistic" is the preferred word when describing something viewed a whole, rather than in parts, since "holistic medicine" comes with a 'whole' bunch of mental baggage that has nothing to do with viewing something as a whole.
