realize the distinct methods and philosophies of teaching at Exeter. One aspect of Exeter that often catches students unaware is the math curriculum. I encourage all new students to come to the math table with a clear mind. You may not grasp, understand, or even like math at rst, but you will have to be prepared for anything that comes before you.

My understanding (and it is anecdotal, gathered from an Exeter student who toured my child and me around) is that Math is taught by the Harkness method and typically the students have about 8 math problems of homework each night. I guess what they must do is discuss approaches at the Harkness table to solving each or similar problems.

XtraMath® helps students transition from counting or calculating the basic math facts to recalling them. Quickly recalling math facts, instead of calculating them, frees up mental resources for higher-level operations. XtraMath's timed activities encourage students to answer questions as quickly as possible.
