Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.

Project-based learning - Wikipedia

A teacher leader is a teacher who leads colleagues toward positive change, either through traditional professional development means or as part of more grass-roots efforts. This teacher still maintains normal classroom responsibilities; however, they also become proactive in making their school – not just their class – a better place.
