I have a Kodak 10xZoom with a Krezunach Variogon lens, but it isn't as up to par as I'd like it to be. In May I'm going to be taking multiple pictures of a band and it will most likely be in the dark, so are there any cameras that are really good for dark photography (without an ugly flash)? Also, I take a lot of pictures of other people and nature, so would there be any good cameras for that?
